Assembly Time:
Less than 30 minutes.

This product is for shoe storage

Tools Needed: Phillips screwdriver. Wrench is provided

STEP 1. Assemble the bottom section by attaching horizontal bars (C) to bottom frames (B1 & B2) using screws (D). Leave screws loose at this point, they will be tightened later. Press plugs (E) onto bottom frames if they are not already attached.

STEP 2. Assemble the top section by attaching the remaining horizontal bars (C) to the top frames (A1 & A2) using remaining screws (D). Leave screws loose at this point, they will be tightened later.

STEP 3. Place assembled top section on top of assembled bottom section and press down until the two sections are firmly attached. Now tighten all screws with screwdriver (not provided). Attach wheels (F & G) and tighten with provided wrench (H).
